

# How-To Download The **CONNECT COMMANDIQ® APP**

**1.** Download the Connect CommandIQ® app. You can search either the Apple App store or Google Play Store for: “Connect CommandIQ®” or scan the QR codes below. Then install it on your mobile device.

**2.** Select “Sign Up” at the bottom of the screen.

**3.** Enter your personal information. The password you enter here will be used to access the app.

**4.** Select “Setup or Replace Router” to set up your new router model. Point your camera at the QR code found on the bottom of your Gigaspire BLAST System. Select OK.

**5.** Now that your new router is set up, you can set up your WiFi network. When you’re finished, click done and enjoy all the features found in your Connect CommandIQ® app!

# Experience the true power of the **Connect CommandIQ® App!**

## **Check your internet speed.**

Run bandwidth tests to monitor your network performance and give bandwidth priority to specific devices.

## **Easily set-up a guest network.**

Keep your network passwords secure by setting up separate guest networks for your visitors.

## **View and manage all devices connected to your network.**

Track a device's bandwidth usage, pause its network access, or disconnect it.

## **Set parental controls.**

See what apps your kids are using, how long they're used for, and tailor their experience by blocking inappropriate sites and content, or setting usage limits.

## **Active threat protection.**

View total threats, intrusions, and viruses blocked over time. You can even see protected devices and total protection uptime.
